

Dear Friends of the Fire Department,

The Shenango Area Fire District is currently in need of replacing non-compliant firefighter protective clothing, also known as turnout gear. Turnout gear is used to protect firefighters from an array of harmful contaminants such as chemical, biological and particulate hazards that may affect their health. These carcinogenic contaminants are a leading cause of firefighter illness in the United States today. The National Fire Protection Association sets standards for selection, care, maintenance, and replacement of all turnout gear. Currently, greater than 90% of our turnout gear does NOT meet the national standards for replacement. To meet these standards, we are faced with an approximately \$100,000 expenditure. There is currently NO tax dollars available for this expense. By donating today, you will allow us to provide our firefighters with protective clothing that meets current health and safety standards

Thank you for your on-going support! Shenango Area Fire District

VOLUNTEERS NEEDED

Have you ever thought about joining our team? The Shenango Area Fire District welcomes individuals from all walks of life: contractors, accountants, college students, business owners, doctors, lawyers, retirees, etc.

In addition to firefighters, we need administrators to run the business affairs of the department.

Please email the department at admin@shenangofire.com or call Justin at (724) 714-7475 to discuss how your skills can best serve the community.

SOCIAL HALL RENTALS

The Shenango Area Fire District has the perfect facility to hold your special event at an affordable price. Our social hall can comfortably host your next reception, seminar, business meeting, luncheon, dinner, shower, etc.

Our East New Castle Social Hall was renovated in the summer of 2017 with an updated look and feel.
